Subject: Please save our Buffalo River, a national gem!!
Date: Wednesday, March 15, 2017 8:59:00 PM

I believe the C&H Hog Farm coming onto the Buffalo watershed was a huge mistake, and now they want to expand this mistake. I urge you to please consider the science and the facts and do not issue them a new permit. It would be in every Arkansans' best interest to remove this facility from within the confines of the watershed altogether!

Sincerely,

Sara Wittenberg
