Subject: Buffalo River Watershed Industrial Hog Farm
Date: Friday, March 31, 2017 11:07:37 AM

Hello,

Please deny the Regulation 5 permit for the C&H swine factory in the Buffalo River watershed. I had a very memorable trip on the Buffalo River, and I contributed money to local businesses there because it was worth visiting (clean and beautiful). This hog farm has great potential to cause great harm in such a sensitive and unique ecosystem.

Thank you,

Travis
