Subject: C & H Hog Permit 5264-W
Date: Tuesday, March 14, 2017 7:03:20 AM

I ask you to deny the Reg. 5 permit for the C & H Hog facility in Newton County Arkansas. By definition the operation is a CAFO, with point-source pollution concerns.

It is not worth the risk to the Buffalo River, not worth the risk of damage to the State of Arkansas.

Please deny the permit.
