To Whom It Concerns,

I am writing with regards to the pending approval of the C&H Hog Farm. In the interest of the local ecosystem, groundwater supply, tourism economy, and the natural beauty of the Buffalo river region, I ask that the establishment of the hog farm be denied. While I am not a resident of the state of Arkansas, I have visited the Buffalo river and have been struck by it. The river is truly a wonder of the state, it deserves to be protected and preserved for future generations of Arkansas residents and visitors alike.
