RE: NPDES Permit AR0000752 Discharge Monitoring Report for period ending March 31, 2012.

Enclosed you will find a corrected copy of the Discharge Monitoring Report 001-Monthly-Process Wastewater ending March 31, 2012. Total Dissolved Solids (monthly average loading and daily max loading) were miscalculated in the Discharge Monitoring Report submitted on April 24, 2012. This occurred by using the incorrect flow data for the sample taken on March 13, 2012. The flow for March 14, 2012 was mistakenly used.

If you have any questions regarding this report, please contact Larken Pennington at (870) 863-1125.

Sincerely,

A handwritten signature in black ink that reads "Greg Withrow". The signature is written in a cursive, flowing style.
