Subject: EPA Request for Time Frame Extension to Review Revised Draft Act 954 Permits

Good afternoon Mo,

We are forwarding the above letter to request a time frame extension for the review of the Act 954 permits. Due to a number of factors and time constraints, we feel this is absolutely necessary. I will be out of the office for the remainder of the week. If you have any issues with our request, please give Paul a call at 214-665-7459. Thanks and have a good weekend.

Re: Request for Extension of Time Frame to Review the Revised Draft Act 954 Permits

Dear Mr. Shafii:

We have received the fourteen (14) revised draft Act 954 permits transmitted via e-mail to Evelyn Rosborough on November 14 and 15, 2013. As discussed during the conference call on October, 25, 2013, additional time will be required in order to complete our review of these permits. The Environmental Protection Agency is requesting an additional 60 days to complete the reviews, which will extend the due date to February 14, 2014. Meanwhile, we will continue to coordinate with the Arkansas Department of Environmental Quality as we review the draft permits.

We appreciate your assistance in this matter. Should you have any questions please do not hesitate to contact me at (214) 665-7170. Alternatively, your staff may contact Mike Tillman at (214) 665-7531 or via email to tillman.michael@epa.gov.

Sincerely,
