RE: NPDES Permit # AR0001210
Color Monitoring of the Ouachita River

Dear Ms. Reiber:

As required by Condition No. 19 of Part II of NPDES Permit #AR0001210, we would like to propose the following location for monitoring color of the Ouachita River. The proposed upstream monitoring location is approximately 0.5 miles upstream of the point at which Georgia-Pacific's effluent enters the Ouachita River. The approximate coordinates for the proposed upstream location are N 33° 01.950 W 092° 05.182. The proposed downstream monitoring location is approximately 1.5 miles downstream of the discharge point, near the Arkansas/Louisiana border. The approximate coordinates for this sample point are N 33° 00.568 W 092° 04.155.

Both samples will be collected near the center of the stream using an autosampler to draw the samples from approximately 6 to 10 feet below the surface of the water.

If you have any questions or comments, please feel free to contact me at (870) 567-8144 or by email at james.cutbirth@gapac.com.

Sincerely,

A handwritten signature in cursive script that reads "James W. Cutbirth".
