Subject: RE: AR0001210; Georgia-Pacific LLC-Crossett Paper Operations-Request to Run Trials at Wastewater Treatment System

When you say "disposed in the permitted landfill" I would say "disposed in the landfill in accordance with the permit"

This is because they have not requested any variance or modifications from their solid waste permit

No further comments

Subject: AR0001210; Georgia-Pacific LLC-Crossett Paper Operations-Request to Run Trials at Wastewater Treatment System

Hello Mr. Leamons and Mr. Rheaume,

A request was received on June 23, 2014 from Georgia-Pacific LLC to initiate certain chemical addition trails at several points in the wastewater treatment process, a copy of the request has been attached to this email.

A response has been written for the request, a copy of the approval letter has been attached to this email. Before this response is signed and mailed approval from the Air Division and Solid Waste Division must be received.

If you could please review the provided documents and provide any comments, concerns, and approval for the Georgia-Pacific LLC-request to run trials. Please, contact me if you have questions.

Respectfully,

Eleanor Goins
