Mr. Bailey,

I too believe we had a good meeting yesterday and it appears that your staff adequately addressed all of our concerns, questions and issues in your revision. I understand that ADEQ will be issuing a final permit on or about July 30 and I believe the issuance, of a permit, on or about that date to be both prudent and logical. We are preparing our final meeting report for review by our coordinated staff elements. I anticipate that document/report will be completed in a few days.....

Please do not hesitate to contact me if you have any questions.

Mr. Mitchell,

I apologize for not being present during the conference call. My boss needed me to be in another meeting. I spoke with Kim Fuller and she said the meeting went well. If you have any other comments or questions please do not hesitate to call.

Thanks,
John
