RE: 1st Permit Expiration Notification
NPDES Permit Number AR0020117, AFIN 69-00011
City of Mountain View

Dear Mayor Sterling:

A review of our records indicates that your NPDES Discharge Permit will expire on 7/31/2013. In accordance with federal and state regulations, permittees wishing to continue discharging wastewater prior to and following the expiration date of their permit are required to apply for a renewal permit **not less than 180 days** (i.e., 6 months) prior to the permit's expiration date (i.e., 1/31/2013) in accordance with 40 CFR Part 122.21(d).

Please complete the enclosed application forms and return them to the address at the bottom of this letter as soon as possible. Documents may also be submitted by email in PDF format to water-permit-application@adeq.state.ar.us.

Copies of the required NPDES Permit renewal forms can be obtained at the following website:

http://www.adeq.state.ar.us/water/branch_permits/individual_permits/municipal.htm

Due to the large number of renewal applications received by the Department, a **complete application** must be received by **1/31/2013**. Any NPDES permit that expires without the receipt of a renewal application will no longer be valid. In such a case, a new permit application must be submitted. Any facility discharging past the termination of its NPDES permit will be unlawful and may be subject to formal enforcement action which could include fines up to \$10,000 per day.

If our records are incorrect or if you do not desire to renew your permit, you **MUST** submit a letter terminating the permit including the current status of the facility and why the permit is no longer needed. If you need additional time to complete and submit the application forms (which cannot be more than **90 days** prior to the expiration date of the permit), please respond by letter to the address below or by email to the address above as soon as possible. Failure to submit the requested information could result in enforcement action.

Thank you for your cooperation in this matter. If there are any questions concerning this submittal, please contact me at (501) 682-0643 or by email at fuller@adeq.state.ar.us.

Sincerely,

Kimberly A. Fuller, P.E.
NPDES Engineer Supervisor
