Mo,

We just received this application on 2/12 and deemed it administratively complete on 2/20. I have assigned it to Eleanor. She has a due date of 4/30 to get it out of her office. Based on her current workload and if there are no major issues to address, I think that the permit can be issued prior to the expiration date. The expiration date is 7/31 which means the permit would need to be public noticed no later than June.

**Subject:** Mountain View

Kim;

Good morning. What is the status of the above permit? Are we going to issue the final permit prior to the expiration date?

Thanks

Mo

Kim,

Thought you might want a reminder about this permit. The permit has been reviewed and written. I am waiting to hear from Shane about the 208 plan. Your email response states that this permit needs to be public noticed by June.

Thanks,  
Eleanor
