RE: Discharge Permit Number AR0020117 – AFIN 69-00011

Dear Mayor Gardner:

Attached is the pre-draft NPDES renewal permit for the above referenced facility. You may review the pre-draft for 5 business days (until 4:30 pm on May 15, 2018). The purpose of this review is to allow the facility an opportunity to comment on typographical errors, mathematical errors, misinterpretations of process descriptions, and other factual errors relating to the application and draft permit. Most other substantial changes will need to be submitted during the official public comment period or in a separate permit application if not contained in the current record. Any comments on this pre-draft can be returned to me via email.

If you would like to meet with the Department concerning any issues you may have with the draft permit, please contact me via e-mail within the 5 business days. After the five day review period, or after a time in which the period is waived, the public notice will be published by ADEQ in a newspaper of general circulation of your facility and a certified letter containing the public notice, a copy of the draft permit, and the Statement of Basis will be sent to the Responsible Official.

Best Regards,

Terry Liu
