Public Notice of Application
NPDES Permit Modification AR0021717 and State Construction Permit AR0021717C

Under the provisions of Act 163 of the 1993 Arkansas Legislature, this is to give notice the Office of Water Quality of Arkansas Energy & Environment – Division of Environmental Quality received an application on November 9, 2020, with all additional information received by December 1, 2020, for the modification of NPDES Permit AR0021717 and State Construction Permit No. AR0021717C from the following facility:

City of Flippin
P.O. Box 40
Flippin, AR 72634

The application has been deemed administratively complete and is undergoing technical review by the Office of Water Quality for compliance with State and Federal regulations. The facility under consideration is located as follows: 222 East Industrial Drive, Flippin, in Marion County, Arkansas.

Proposed construction will include replacement of the existing barscreens with a new screening and grit removal system, addition of an oxidation ditch adjacent to the existing ditch, replacement of the existing final clarifiers with two (2) new clarifiers, and addition of a new sludge hold pond. The existing treatment system consists of mechanical and auxiliary manual barscreens, an oxidation ditch, final clarifiers, a dosing tank, an intermittent sand filter, ultra violet disinfection, and post-aeration. The proposed construction will result in the design flow changing from 0.175 MGD to 0.35 MGD.

Interested persons desiring to request a public hearing on the application may do so in writing. The Division shall have the discretion to decide whether to hold a public hearing, unless otherwise required by law or regulation. If a hearing is scheduled, adequate public notice will be given in this newspaper. All requests shall be submitted in writing and must include the reasons for the necessity of a public hearing. All requests should be received by DEQ within 10 business days of the date of this notice and should be submitted to:

Faizan Khan
