State of Arkansas
WATER/WASTEWATER ADVISORY COMMITTEE

December 6, 2007

5005

The Honorable Mary Jane Erwin
Mayor, City of Flippin
Post Office Box 40
Flippin, Arkansas 72634

DEC 17 2007

Re: Flippin's Pre-application for Recommendation on Wastewater Funding

NH

Dear Mayor Erwin:

On December 5th, the Water/Wastewater Advisory Committee reviewed your pre-application for funding of new treatment system and extension of service to 39 customers. The Committee recommends funding be provided by the following agencies:

1. Arkansas Natural Resources Commission (ANRC)
2. U.S. Dept. of Agriculture, Rural Development (RD)

The actual funding amounts cannot be determined at this time. The use of ANRC or RD loan funds would be up to you.

This recommendation is conditioned on the following items being resolved to the satisfaction of the proposed funding and regulatory agencies. The Arkansas Department of Environmental Quality had some comments on this project:

1. This project will need to obtain a construction permit from ADEQ.
2. This project will also need to modify their discharge permits. Depending on their date of renewal, they may be able to modify their permit at the time of renewal.
3. This project will need to demonstrate that the proposed new and modified facilities will meet the requirements of Section 6.202 of the Arkansas Pollution Control and Ecology Commission Regulation No. 6.
4. It is highly recommended that the facilities contact Amy Beck with the Water Division of ADEQ to obtain preliminary permit limits prior to finalizing the design of the treatment facilities.

We appreciate your cooperation with this pre-application process. If you have any questions or comments, please give me a call at the above telephone number.

Sincerely,

Handwritten signature of David Fenter in cursive.

David Fenter, Chairman
Water/Wastewater Advisory Committee
