Re: NPDES Permit Number AR0034037 – AFIN 45-00023
Permit Application Information

Dear Mayor Lane:

The application for renewal of your NPDES permit was received on July 21, 2014. In accordance with Arkansas Energy and Environment – Division of Environmental Quality (DEQ) policy, your application was reviewed and determined to be administratively complete on July 21, 2014. However, the permit was placed on administrative hold due to mineral water quality criteria concerns and was not issued at that time.

As of September 2020, DEQ is working towards renewing your NPDES permit. In renewing your NPDES permit, it is important that DEQ has the most current information. Therefore, please complete DEQ Form 1 and EPA Form 2A including the sampling requirements.

Links to the necessary application forms and the previous permit application can be found below:
