Syed,

Attached is a letter and WQMP Update/Modeling reports for a batch of WQMP updates that was sent to you back on 11/23/2011. We do not have any record of receiving anything back from you on this. We are seeking technical acceptance for these updates for our records.

**Please note that you have already technically approved one of these facilities listed in the letter (City of Dermott AR002250) on 1/23/2012, so we don't need anything on that one, thus I have not included the summary sheet for that one.**

Thanks!

Shane Byrum, Engineer
