Subject: Ash Grove Cement Co.

Importance: Normal

Guy,

The facility was able to go back and look at their temperature readings from their pH/RDO probe for last winter and have the following temperatures for the NPDES Application. These values are stored in a database onsite.

001 – Avg. 9.75 deg. C Max. 10.2 deg. C

002 – Avg. 6.2 deg. C Max. 6.2 deg. C

003 – Avg. 9.05 deg. C Max. 9.2 deg. C

Let me know if you have questions.

Pennye
