I've done the administrative completeness review for the recently submitted NPDES permit renewal application for the above mentioned facility. A few items need to be submitted:

1. The full mailing address must be listed in Section A.11 of DEQ Form 1. The street address or the P.O. Box must be included.
2. Section I of DEQ Form 1 must be initialed by the Responsible Official to acknowledge approval of the cognizant official listed in the application.
3. The receiving stream description in EPA Form 2E, Section 1 does not match what is listed in Section B.2 of DEQ Form 1.

If the necessary information is received by the close of business on June 9, 2020, a formal incompleteness letter will not be sent. If you have any questions, please contact me at [loretta.carstens@adeq.state.ar.us](mailto:loretta.carstens@adeq.state.ar.us)
