North Little Rock, AR 72118

Dear Secretary Keogh:

As representatives serving constituents in Western Pulaski County, we respectfully request your attention to a matter regarding Mill Bayou and the proposed Paradise Valley development.

Based on numerous conversations with community members, we would ask that an impact study be conducted as requested by the Maumelle Water Corporation prior to any additional action. Given potential environmental issues that have been raised, it is essential to have a comprehensive and thorough understanding of all the impacts of this proposal before moving forward.

Thank you for your consideration.

Sincerely,
