To whom it may concern:

Myself, my wife, and family of seven children have been residents in the Lake Maumelle watershed since 2005. We own 3 parcels off of Lake Vista Dr. and have managed our property responsibly and according to development rules put in place in 2014. We have enjoyed good relations with the county (Mr. Cranor and others) as well as our largest neighbor (bordered on 3 sides) CAW.

It is disturbing to learn of planned large scale development in our rural community. Moreover, the concerns raised over waste management for such a development are troubling.

Please consider my entire family, 8 of which are of voting age and registered, to be in opposition to ANY large scale development within the Lake Maumelle Watershed, especially if there are deviations from the 2014 watershed rules.

Sincerely,

--
