Dear Mr. Khan,

I want the sewage treatment facility to be denied. Our adult children have bought their "forever home" without knowing it would be adjacent to this facility. They will be raising three young children in this home and now we know it is not a safe environment.

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

Sincerely,

Donna Norvell Smith
