Subject: RE: Discharge Permit Number AR0053210, AFIN 60-05010

Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

Please also consider, as your records show, that privately run plants have terrible records of compliance with environmental regulations. Thus it is a matter of time before those living nearby suffer health and environmental consequences.

Finally, it is time that, we the citizens of Arkansas, put environmental quality over profits.

Sincerely,

Doyle Young
