Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

Our neighbors chose to live in a rural area, not an area which will be crowded with crammed in homes on small lots, 1000 extra cars with no improvements to our roads, and extra sewage making a little piece of the country smell terrible.

Sincerely,

Elizabeth Haman
