Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options. We built out home 26 years ago out here on 5 acres and love the peace and quiet in our community. I want to continue to live here safely versus worrying about our water and damage from this builder. Please consider the current residents and our love of this natural rural area.

Sincerely,  
Gerri Spillane
