Subject: RE: Discharge Permit Number AR0053210, AFIN 60-05010

Dear Mr. Khan,

I am the Chair of the Central Arkansas Group of the Arkansas Sierra Club and write on its behalf. We have 850 members who will be affected by this development.

Pocket sewer treatment facilities have a know high failure rate. This proposed development is in an area which Sierra Club members frequently hike. We are concerned that failure of this treatment facility will damage the Mill Bayou Watershed and spoil the ability of all to enjoy this beautiful area

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

Sincerely,

George Wise
Chair
Central Arkansas Group
Arkansas Sierra Club
