Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

As a lifelong resident of central Arkansas and an avid trail walker and kayaker I know the value of the natural beauty we've been blessed with here. It is imperative for all of us that it continues to be protected. Please deny the permit and keep our waterways clean. Thank you for your consideration.

Sincerely,

John Bell
