Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

I have family that lives in Roland and certainly hope they listen to reason instead of an uninterested developer who really doesn't care about the current residents or the pollution of an entire area. Please stop this development Sincerely,
Judy Smith
