Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

I am a Realtor with Jon Underhill Real Estate and I know what this will do to property values. Mary Katherine and Heath Henderson bought a house that had been neglected and improved it immensely. They have two small children and another on the way. They do not deserve this.

Sincerely,

Kelly McConnell
