Dear Mr. Faizan Khan,

I am writing today to strongly oppose the Paradise Valley sewage treatment facility on Roland Cutoff Road and respectfully request that the ADEQ deny the permit and hold a public hearing. I believe that the treatment plant is an irresponsible and inappropriate use of Mill Bayou. The treated sewage will not empty into a flowing stream, but rather a stagnant and boggy wetlands, which is located in and around homes and livestock including horses, pigs and cows. Mill Bayou floods terribly and will send the treated sewage into spaces it was not intended to be, coming into contact with people, pets, and wildlife. I further believe that the developer will maintain it as poorly as he does the existing Waterview Estates facility currently next to Hwy. 300. Please deny this permit.

Many thanks,
Kelly Orr
