Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

The Hendersons love their neighborhood and have made many improvements to their property. It seemed a perfect place to raise their young family. Please give them a chance to live in peace without having to worry about sewer contamination in their creek.

Sincerely,

Marci Hixson
11800 Fairway Drive Little Rock, AR
