I apologize-Greg received your information from ADH. I wanted to correct myself since I put "Per your discussion".

We are forwarding this letter to you since Jeff LeMaster is no longer the contact.

Thank you,
Amanda

Dear Mr. Lemaster:

This letter is to inform you with concerns that we, Maumelle Water Corporation, have about the proposed Waste Water Treatment Plant for Paradise Valley Subdivision going in on Roland Cutoff Rd in Roland. Our main concern is the discharging upstream from one of our Drinking Water Wells. We are requesting that a study be done to see what the impact would be on our Well, can they guarantee that it will not impact our Aquifer? We would like a letter, along with a copy of the results, once this study has been done, informing us as to the impact if any it would have.

If you have any question, please feel free to give me a call Monday – Friday 7am – Noon and 1 – 4pm.

Thank you,

Scott Eldridge
President
