Subject: RE: Discharge Permit Number AR0053210, AFIN 60-05010

Dear Mr. Khan,

I ask that ADEQ deny the permit for the sewage treatment facility for Paradise Valley and I also request a public hearing on this issue. Mill Bayou is a protected Water of the United States and a source of life-giving water for animals and people within the Mill Bayou Watershed and therefore is not an appropriate use as a sewage pipe which will poison our waters and threaten our health. This developer is documented to be a "bad actor" with ADEQ and should not be allowed to install yet another failed sewage facility in Roland on Mill Bayou and not especially when the developer has other options.

I am a contractor with McCracken Industries who has been in business since 1973 and helped put in developments all across Arkansas. This project design does not protect the environment and it places and undo burden on the local community to have to redo there basic infrastructure to accommodate this development that we do not want. This is like insult to injury . Please be aware! Thank you Bob McCracken

Sincerely

Robert McCracken
