Greetings,

Osage Nation is writing to inquire about the requested Phase I archaeological survey for EPA, ADEQ, Paradise Valley Waste Water Treatment Plant, Roland Cutoff Road, Pulaski County, Arkansas. Osage Nation Historic Preservation Office (ONHPO) participated in the first comment period for this project, and requested a Phase I survey to prevent direct effects to known Osage burials. Unfortunately, no correspondence has been received from ADEQ.

Can you comment on NHPA Section 106 correspondence to Osage Nation regarding this project, and is there an anticipated Phase I cultural resource survey as previously requested? Please forward this email if another project contact is more appropriate.

Should you have any questions or need any additional information please feel free to contact Luke Morris via email at luke.morris@osagenation-nsn.gov. Thank you for consulting with the Osage Nation on this matter.

Best regards,

Luke Morris
