Bryan:

The \$100,000 figure is for assembling the treatment plant. Rick Ferguson already owns the plant and will be assembling it on site.

Let me know if you have any other questions.

Respectfully,

William Doug Ford, P.E.

Doug,

You sent a cost estimate dated March 19, 2021, that includes this line item:

1. Assemble treatment plant equipment \$100,000

The construction permit AR0053210C requires the following equipment:

...a bar screen, grit removal, flow equalization chamber, extended aeration activated sludge/aeration chamber, two (2) clarifiers, sludge holding chamber, filtration, chlorine disinfection, and dechlorination with a design flow of 0.05 MGD

Can you confirm if Line Item 1 includes or does not include the cost of the treatment plant equipment.

Thank you,

Bryan Leamons, P.E. | Senior Operations Manager
