I would like to add an additional comment for consideration.

All ARG590000 permits need separate construction permits from a licensed Arkansas contractor who is registered with the state of Arkansas and has worked with karst in construction of all general permits, ARG590000.

Under section 5.1 "All" has been replaced with "new", replace the text to "All" to read as follows:

All NOIs for permit coverage under this general permit will be reviewed by ADEQ prior to undergoing a public notification process as follows.....

Sincerely,
Carol Bitting
