I oppose the renewal of the National Pollutant Discharge Elimination System (NPDES) General Permit (ARG590000) that was published on March 15, 2016 in the Arkansas Democrat-Gazette for eligible operators of Concentrated Animal Feeding Operations (CAFO) in the State of Arkansas. This General Permit (ARG590000) streamlined the permitting a CAFO that is located in a fragile Karst area that drains through surface and groundwater directly into the Buffalo National River, I do not want this permit to be utilized to facilitate the permitting of another CAFO in Arkansas.

Thank you so much.
