Re: C & H Farms
Modified Draft Permit ARG590001 AFIN 51-00164

Dear Director Marks:

I respectfully ask that ADEQ deny C & H's request to apply waste from Water Storage Pond #1 to Fields 7, 8 and 9 with a vac tanker for the following reasons:

- 1) C & H failed to provide a P-Index in the NMP for land application fields related to modification request;
- 2) C & H failed to make the appropriate changes to the terms of the nutrient management plan with regard to waste application from WSP#1 to fields 7, 8 and 9.

Sincerely,
Dane Schumacher
