Subject: C&H Modification Request : ARG590001 AFIN 51-00164
Date: Friday, August 07, 2015 1:24:40 PM

Attention ADEQ professionals.

Regarding: C&H Modification Request : ARG590001 AFIN 51-00164

Thank you for the commitment to keep us abreast of the activities associated with the C & H farm on a website we can access. As a citizen of Arkansas, a resident of Baxter County and landowner on the White River, I am working to pay close attention to the care and management of the Buffalo River Watershed – and the treasure that we enjoy in that river, the economy it supports.

I believe this modification should be denied until the probable current leaking and that impact on groundwater can be determined. Please conduct a public hearing on these issues for clarification.
