ATTN\* C & H Noy Farm General Permit AR6 590030

I think that when more sewage is being produced on 26 Acres of land, then the city of Harrison, with no treatment, it needs to be looked at very carefully.

This river is very special and is already showing signs from this one farm\*. It is a ~~factory~~ and if it was called that it wouldn't be so hard to understand.

The permit was gotten on information that was incorrect and they keep changing things.

Reopen their permit study and save the Buffalo River.

Thank you

Larry Olson  
Ponca, AR.
