I am from Fayetteville, and I am in this part of the country because my family was from here. We were always so proud of the Buffalo River being named the first National River. We were always farmers not factories like a CAFO is, we raised cattle, hogs, chickens on a fairly large scale. So I'm pro farming and would want everyone to raise some food of all kinds. This CAFO should not have been allowed and I think I speak for everyone who doesn't have faith in ADEQ. This farm and their ponds are a accident waiting to happen. This clean out is the reason we picketed against it in the first place, and now they are already back sliding on promises. Being compliant doesn't mean it's right because it's not. Thank you for reading this!, Marilyn Sheffit
