I am from Beauregard, and I am in this part of the county because my family was from here. We were always so proud of the Buffalo River being named the First National River. We were always farmers, not factories like a CAFO is, we raised cattle, hogs, and chickens on a fairly large scale. So I'm pro-farming and would want everyone to raise more food. I am kind. This CAFO shouldn't have been allowed. I thought it should be approved by ADEQ. I now have no faith in ADEQ. This farm and their ponds are a disaster to happen. This clean out is the reason we picketed against it in the first place, and now they are already backsliding on promises. Being compliant doesn't mean it's right because it's fast. Thank you for reading this. Marilyn Shoffit.
