Subject: Pond Liner Application Inquiry
Date: Tuesday, September 29, 2015 8:54:07 PM

It is the understanding of C & H Hog Farms, Inc. that the request for modification of its Regulation 6 permit to allow for installation of liners in Ponds 1 and 2 and a cover over Pond 1 is optional should ADEQ's final decision be in favor of the modification. In other words, should ADEQ's final decision allow for the installation of Pond liners/cover, C & H Hog Farms may choose not to move forward with the actual installation of said liners/cover and may rather opt to continue utilizing the existing clay liners. Please confirm that this understanding is accurate.

Sincerely,
Jason Henson
C & H Hog Farms, Inc.
