Re: Buffalo River Watershed Alliance Letter Complaint dated September 21, 2015

Dear Director Keogh:

This letter supplements the letter complaint delivered yesterday on behalf of the Buffalo River Watershed Alliance. Wherever reference is made to C&H Hog Farm's lack of a construction permit for waste ponds or waste storage ponds, it should also refer to a construction permit for its gestation and farrowing buildings and waste ponds or waste storage ponds.

Sincerely,

WILLIAMS & ANDERSON PLC

Philip E. Kaplan
Dana M. Landrum
