NO EXPOSURE CERTIFICATION
For Exclusion from NPDES Stormwater Permitting

The enclosed form may be used to request a No Exposure Exclusion from Industrial Stormwater permitting requirements as outlined in Part 1.8 of ARR000000. **Only** a copy of the attached authorized Request Form will be accepted by this Department. A condition of No Exposure exists at an industrial facility when all industrial materials and activities are protected from exposure to rain, snow, snowmelt, and/or runoff (See 40 CFR 122.26(b)(14)(i) – (ix) and (xi)).

Anyone seeking a No Exposure Exclusion must perform the following:

- complete all sections of the No Exposure Certification Form.
- Sign the Certification in Section VIII.
- submit the following to the Department:

	Complete No Exposure Certification Form	Initial Permit Fee	Deadline for Submittal
New Applicant	Yes	Yes*	Minimum two (2) weeks prior to needing exclusion
Renewal	Yes	No	September 26, 2010

* Required by APCEC Regulation No. 9. Subsequent annual fees of \$200.00 per year will be billed by the Department. Failure to remit the required permit fee may be grounds for the Director to deny coverage under this general permit, and to require the owner or operator to apply for an individual NPDES permit.

Return the completed forms to:

Arkansas Department of Environmental Quality
Permits Branch, Water Division
5301 Northshore Drive
North Little Rock, AR 72118

Or by or by electronic mail (Complete documents (NOI and/or SWPPP) must be submitted in Adobe Acrobat format (.pdf) to: Water-permit-application@adeq.state.ar.us. **Notice of Coverage (NOC) will not be issued until payment has been received by ADEQ.**

NOTE: DO NOT LEAVE BLANK SPACES IN THE NOTICE OF INTENT. IF ANY QUESTION DOES NOT APPLY, MARK "N/A" IN THE SPACE PROVIDED.

Instructions for the No Exposure Certification for Exclusion from NPDES Stormwater Permitting

Who May File a No Exposure Certification?

Federal law at 40 CFR Part 122.26 prohibits point source discharges of stormwater associated with industrial activity to waters of the U.S. without a National Pollutant Discharge Elimination System (NPDES) permit. However, NPDES permit coverage is not required for discharges of stormwater associated with industrial activities identified at 40 CFR 122.26(b)(14)(i) – (ix) and (xi) of the discharger can certify that a condition of “no exposure” exists at the industrial facility or site.

Stormwater discharges from construction activities identified in 40 CFR 122.26(b)(14)(x) and (b)(15) are not eligible for the no exposure exclusion.

Obtaining and Maintaining the No Exposure Exclusion

This form is used to certify that a condition of no exposure exists at the industrial facility or site described herein. This certification is only applicable in jurisdictions where ADEQ is the NPDES permitting authority and must be re-submitted at least once every five years.

The industrial facility operator must maintain a condition of no exposure at its facility or site in order for the no exposure exclusion to remain applicable. If conditions change resulting in the exposure of materials and activities to stormwater, the facility operator must obtain coverage under an NPDES stormwater permit immediately.

How to Determine Latitude and Longitude:

If a physical address is known go to www.teraserver-usa.com and proceed with the following steps:

1. Select Advanced Find
2. Select Address
3. Input address
4. Click on Aerial Photo
5. Click on the Info link at the top of the page
6. Note the Latitude and Longitude are in Decimal Coordinates.
7. Go to www.geology.enr.state.nc.us/gis/latlon.html to convert coordinates to Degrees, Minutes, and Seconds.

NOTE: If a physical address does not exist you may find the coordinates in the Legal Description of the property.

Signatory Requirements:

The information contained in this form must be certified by a ***responsible official*** as defined in the “signatory requirements for permit applications” (40 CFR 122.22). Responsible official is defined as follows:

Corporation, a principal officer of at least the level of vice president, treasurer

Partnership, a general partner

Sole proprietorship: the proprietor

Municipal, state, federal, or other public facility: principal executive officer, or ranking elected official

II. NO EXPOSURE EXCLUSION CERTIFICATION

Submission of this No Exposure Certification constitutes notice that the entity identified in Section I does not require permit authorization for its stormwater discharges associated with industrial activity in the State as identified in 40 CFR 122.26(b)(14)(i) – (ix) and (xi) due to the existence of a condition of No Exposure. A condition of No Exposure exists at an industrial facility when all industrial materials and activities are protected by a storm resistant shelter to prevent exposure to rain, snow, snowmelt, and/or runoff. Industrial materials or activities include, but are not limited to, material handling equipment or activities, industrial machinery, raw materials, intermediate products, by-products, final products, or waste products. Material handling activities include the storage, loading and unloading, transportation, or conveyance of any raw material, intermediate product, final product, or waste product. A storm resistant shelter is not required for the following industrial materials and activities:

1. Drums, barrels, tanks, and similar containers that are tightly sealed, provided those containers are not deteriorated and do not leak. “Sealed” means banded or otherwise secured and without operational taps or valves;
2. Adequately maintained vehicles used in material handling; and
3. Final products, other than those products that would be mobilized in stormwater discharges (e.g., rock salt).

A No Exposure Certification must be provided for each facility qualifying for the No Exposure Exclusion. In addition, the exclusion from NPDES permitting is available on a facility-wide basis only, not for individual outfalls. If any industrial activities or materials are or will be exposed to precipitation, the facility is not eligible for the “no exposure” exclusion.

By signing and submitting this No Exposure Certification form, the entity in Section I is certifying that a condition of No Exposure exists at its facility or site, and is obligated to comply with the terms and conditions of 40 CFR 122.26(g).

IV. CERTIFICATION STATEMENT

"I certify under penalty of law that I have read and understand the eligibility requirements for claiming a condition of "No Exposure" and obtaining an exclusion from NPDES stormwater permitting; I certify under penalty of law that there are no discharges of stormwater contaminated by exposure to industrial activities or materials from the industrial facility or site identified in this document (except as allowed under 40 CFR 122.26(g)(2)); I understand that I am obligated to submit a No Exposure Certification form once **every five years** to the NPDES permitting authority and, if requested, to the operator of the local municipal separate storm sewer system (MS4) into which the facility discharges (where applicable). I understand that I must allow the NPDES permitting authority, or MS4 operator where the discharge is into the local MS4, to perform inspections to confirm the condition of No Exposure and to make such inspection reports publicly available upon request. I understand that I must obtain coverage under an NPDES permit prior to any point source discharge of stormwater from the facility; Additionally, I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
