A Eco-Vista, LLC this one used to be Waste Management – Tontitown Landfill and they are changing their name with this recertification  
A Waste Management of Arkansas – Little Rock Hauling  
A Waste Management of Arkansas – Little Rock Hauling  
A Waste Management of Arkansas – Ark Ridge Landfill  
A C Waste Management of Arkansas – Russellville Hauling and Transfer Station  
A Waste Management of Arkansas – Two Pine Landfill  
A Waste Management of Arkansas – Van Buren Hauling and Transfer Station

I have confirmed with the solid waste licensing people that all of their fees have been paid. There is one T S invoice for ST that shows up as not paid in the Invoice All system. That bill has been taken care of – long story.

Please let me know whether or not you have any comments on these recertifications.

Thanks.

Loretta,

We are routing a memo to request that invoice T S- be abated. As it may take time for this to be processed by D A, please accept this email as confirmation from L that this invoice has been taken care of and should not delay the W permitting process.

Would you please notify the appropriate individuals at Waste Management that invoice T S- has been cleared up?

Let me know if you have any questions.

Thanks,  
Julie

I think this is the first time I've been looped in on this issues. We talked about Iceland tanks but not Waste Management. The issue is that they need an air permit but are showing an outstanding tanks invoice? Are there also issues with a solid waste invoice? Are there problems with facility names getting mixed up? I see several issues when I scan the emails below. Is the question just whether invoice number is T S- has been paid?
