I spoke with Jessica Temple at the Water Division this morning in regards to the letter I received on June 10, 2014. The last sentence on the second page stated that "Outfalls 002, 003, 004, and 007 will be sampled." Outfall 007 has never been sampled and we have always sampled 006. Jessica recommended I send an email stating that it needs to be changed to 006 because their records showed 007. If there are any questions please feel free to call me at 870-352-6624.

Thanks,

Dewayne Henry
