Dear Mr. Millay:

The Department is currently in the process of updating the current information for the Small MS4 permittees. The information on record shows that the following:

MS4 Contact: David Millay, Physical Plant Director

Please verify that all the above information is correct by emailing Jennifer Harmon at harmonj@adeq.state.ar.us. The Department is requesting that the email address for the MS4 contact be submitted along with any information that is incorrect. Due to the Construction, Industrial and MS4 Stormwater permit expirations within the next year, the Department is attempting to set up email distribution lists to let all the MS4 permittee know of any public meetings on the permits that will be held in their area or any changes that would affect the MS4.

Please submit the requested information no later than **July 31, 2008**. If you have any questions concerning this matter or need additional information, please feel free to contact me at (501) 682-0627 or Jamal Solaimanian, General Permits Supervisor at (501) 682-0620.

Sincerely,

Jennifer Harmon
