Name: KINCO Construction, LLC

City: Little Rock

Address: 12600 LAWSON RD

State: AR

Zip: 72210

Telephone Number: 501-225-7606

III. PERMITTEE CERTIFICATION

"I certify under penalty of law that all soil disturbing activities have been completed and a uniform (e.g., evenly distributed, without large bare areas) perennial vegetative cover with a density of 70% of the native background vegetation cover for the area has been established on all unpaved areas and areas not covered by permanent structures, or equivalent permanent stabilization measures have been employed, or that all storm water discharges associated with the construction activities from the identified site that are authorized by an NPDES general permit have been eliminated. I understand that by submitting this Notice of Termination that I am no longer authorized to discharge storm water by general permit, and that discharging pollutants in storm water associated with construction activity to waters of the United States is unlawful under the Clean Water Act and the Arkansas Water and Air Pollution Control Act where the discharge is not authorized by an NPDES permit."
