**ADDITIONAL ACREAGE REQUEST  
FOR STORMWATER CONSTRUCTION GENERAL PERMIT ARR150000**

Permit Number: ARR154223 AFIN: 70-00040  
Permittee Name: El Dorado Chemical Company  
Project Name: El Dorado Chemical Company

Current Disturbed Acreage 18.2 Additional Disturbed Acreage 1.9 Requested Disturbed Acreage 20.1  
Current Total Acreage 158.2 Additional Total Acreage 1.9 Requested Total Acreage 160.1

Current Disturbed Acreage + Additional Disturbed Acreage = Requested Disturbed Acreage  
Current Total Acreage + Additional Total Acreage = Requested Total Acreage

**SIGNATORY REQUIREMENTS:**

"I certify under penalty of law that this document and all attachments were prepared under my direction, or supervision, in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

Responsible/Cognizant Official Printed Name: Gregory Withrow  
Responsible/Cognizant Official Title: General Manager  
Responsible/Cognizant Official Signature: [Signature]  
Date: 2/18/15

**ATTACH AN UPDATED SITE MAP THAT CONTAINS ALL ITEMS LISTED IN PART II.A.4.F OF THE ARR150000 PERMIT.**

Updated copies of the site map and Stormwater Pollution Prevention Plan (SWPPP) should be kept at the site.

Note:  
 6" potable water pipeline is located within an existing distribution line and road right-of-way. Stabilization practices are expected to occur immediately after construction ceases. Excavated soils and/or sidecast that will be reused as fill should be placed upslope of trench during staging.

-  Check Dam
-  Inlet Protection
-  Streams
-  Potable Line
-  Silt Fence
-  Flow
-  Stabilized Entrance/Exit

**Subject:** ARR154223 Additional Acreage Request - EDCC 6" Potable Water Pipeline

Ms. Cousins,

I have attached an additional acreage request form and the appropriate site maps for the El Dorado Chemical Company (EDCC) 6" Potable Water Pipeline project. The permit number for this project is ARR154223. We are requesting to add an additional 1.9 acres of total area and 1.9 acres of disturbed area to the current permit. This would bring the total requested acreage to 160.1 and the total requested disturbed acreage to 20.1. I believe you have dealt with permit updates for this project in the past, but if this is not the case please let me know. EDCC plans to start this project within 1.5 weeks, so if this update could be expedited it would be greatly appreciated.

If you have any questions regarding the permit update, don't hesitate to contact me at 501-847-7077.

Respectfully,

Kevin Butzlaff
