

**AUTHORIZATION LETTER TO DISCHARGE STORMWATER UNDER
THE NPDES STORMWATER CONSTRUCTION GENERAL PERMIT NUMBER ARR150000.**

THIS IS THE NOTICE OF COVERAGE UNDER GENERAL PERMIT ARR150000

The stormwater discharge shall be in accordance with all monitoring requirements and other conditions set forth in the NPDES stormwater construction general permit number ARR150000.

Scott Lawson
Consolidated Grain and Barge Co.
201 North Missouri Avenue
Mound City, IL 62963

is authorized to discharge stormwater from a facility located as follows:

Barge Loading Facility,
896 South Walker Avenue,
West Memphis in Crittenden County, Arkansas.

Coverage under this permit is for a commercial property. In Accordance with the NOI there will be only 7.00 acres disturbed out of 10.00 acres total. This permit allows only disturbance for the 7.00 acres identified in the submitted and reviewed SWPPP and site map. If additional acreage is going to be disturbed, a new site map indicating the new disturbed area and all requirements of the site map set forth in Part II.A.4.a.v of the Construction Stormwater General Permit, ARR150000, must be submitted to the Department prior to any activity taking place on the additional acreage.

The Stormwater Pollution Prevention Plan will be located in the CGB office onsite.

The Project Contact Person for this construction site is Murray Schwieger, 618-599-5098.

This authorization must be **posted** at the construction site in a prominent place per the general permit.

Issued date: 2/3/2010

RE: NPDES Stormwater Construction General Permit, Barge Loading Facility, West Memphis, AR
Permit Tracking No. ARR153179, AFIN 18-00881

Dear Mr. Lawson:

The initial permit fee and Notice of Intent (NOI) for coverage under Stormwater Construction General Permit No. ARR150000 were deemed complete on 1/27/2010. For tracking purposes, the project has been assigned permit tracking number, ARR153179. Please use this number in all future correspondence related to this construction project.

The Stormwater Pollution Prevention Plan (SWPPP) has been reviewed and all elements required by the SWPPP checklist were included. Please note that review of the SWPPP does not constitute **approval**. The permittee must comply with all the requirements of the NPDES Stormwater Construction General Permit No. ARR150000. Additionally, the permittee may modify the SWPPP as necessary to protect the Waters of the State from erosion and/or sediment runoff.

Based upon the information submitted in the NOI and SWPPP, this permit tracking number only applies to the acreage that was originally reviewed by the Department. If additional acreage is required, a revised site map containing the additional acreage and meeting all the permit requirements set forth in Part II.A.4.a.v. of the Construction Stormwater General Permit must be submitted to the Department for review prior to any construction activity taking place on the requested acreage.

Please find enclosed for your use: the construction site permit authorization letter, a copy of the general stormwater runoff permit, and a Notice of Termination (NOT). If you have any questions concerning this matter or need additional information, please feel free to contact Amanda Gallagher, NPDES Stormwater Engineer at (501) 682-0621 or myself at (501) 682-0616.

Sincerely,

Mo Shafii
Assistant Chief, Water Division
